FULLSTOP SARACEN HITCH LOCK

Designed to fit quickly and conveniently over most standard caravan hitches, the Fullstop Saracen security hitch lock from Purple Line is made from especially hardened high tensile steel and composite materials to prevent an unauthorised tow vehicle from connecting to your caravan.

Resistant to cutting, picking, drilling or even gas freezing, the Saracen's integrated, high-security nine-lever barrel lock is compatible with popular coupling styles from all the major brands. Keep your investment well protected, even when you're not around, with this premiere anti-theft device from one of the most trusted names in RV security.

For more information on the Fullstop Saracen hitch lock, or to place an order, call (03) 9588 2959 or visit: www.purpleline.com.au
